Creative Writing Workshop

Come do some creative and short story writing with Manitoba author Patti Grayson.

Building Catapults and Cranes

Using hydraulics and pneumatics kits and/or building our own models with popsicle sticks.

Baking

In the baking activity you will learn how to make a three different simple sweet and savoury recipes. Our focus will be supporting individuals within our community who could benefit from a sweet treat, a meal for a family, or a convenient meal for one. There will be enough for our group to enjoy these tasty treats each week AND provide for as many people as possible. Want to give back, learn to bake/cook, AND make the world a nicer place? Sign up for the baking enrichment!

Lego

Come build and design Lego with Constable Human. There will be Lego kits to work on and students are welcome to bring their own.

Brawlhalla, Minecraft Build Challenge & Other Esports

The Grade 7 & 8 Provincial Brawlhalla competition is around the corner, come hone your skills, or learn to play, so that you can compete with the Lockport Esports Team this February! OR use this time to complete you Minecraft Escape Room Build Challenge!! OR just come play video games with friends in the Esports Lab!!!

Connect with Cards

Come learn how to play new **card** games with family and friends. Students can also create Valentines **cards** for seniors in Selkirk. On the last Enrichment Day (February 8th), we will go on a field trip to Woodland Courts in Selkirk to play games with Seniors.

Games include: cards, pool, beanbag toss, shuffle board, and boardgames

Ice Fishing

Capacity 12 fishers

Target: Beginners

During the first two classes (January 25th and February 1st) , we will learn about the necessary equipment, techniques, and how to change and bait hooks. We will also discuss ice safety, regulations, and proper ice fishing etiquette.

Our final class will be on Feb 8th and we will go ice-fishing on the Red River for the afternoon. There will be a \$10 cost to cover bait and hooks.

Financial Literacy

Come learn about personal finance! Topics include: financial vocabulary, credit cards, loans, and taxes.

Hairstyling

Come learn the basics of straightening, curling, and braiding hair. Please wash your hair the night before and bring your own brush, comb, and hot tools if you have.

Art Installation with Play and Learn - Lockport School Gives Back

We will work with the Play and Learn to create an art mural that will be on display in the hallway. We will connect with the kids and have them create art that represents something they love and brings them joy. We will then install it on the hallway wall into one cohesive mural.

Snow Sculpting

Come learn how to sculp snow into beautiful works of art. This class will be entirely outdoors so students will need to dress warm. Sculptures will be made in the outdoor classroom.

Skating

Come skate at St. Andrews community centre. Bring your skates and helmet. Sticks, pucks, and rings are optional.

Trivia

Come play and compete in trivia! The quizmaster has created a variety of questions, topics, and activities to engage the minds of the contestants. Students are sure to be engaged.

Pen Making (Tech Ed Room – Grade 8s/9s Only - \$5 for supplies)

Blanket and Mitten Making – Lockport Gives Back

Come learn how to make tie-blankets and simple mittens. We will be making blankets and mittens to donate to organizations in our community.

Murals

We will learn about the Indigenous Group of Seven and use their art to inspire the colour choices and style reflected on the walls of our school

Grade 8 Volleyball

Come play volleyball in the gym. All skill levels welcome.
