**2024 - 2025**

Dear Parent/Guardian:

The Health Education Curriculum has been developed to provide students with the knowledge and skills to make healthy lifestyle decisions and choices. The curriculum has been developed by teams of educators and medical practitioners and has been approved by the Minister of Education for use in Manitoba schools.

The curriculum deals with safety, personal and social management and healthy lifestyle practices. The units that may be of interest to parents are those dealing with personal safety, substance use and abuse, and human sexuality.

Parents can find further information on the Health curriculum through the Manitoba Education website at <http://www.edu.gov.mb.ca/k12/cur/physhlth> or by requesting a more detailed outline from your child's teacher.

Please complete the following form by checking the appropriate box and return to the school.

Sincerely,

Mr. Harold Freiter  
Principal

Mr. Dan Marshall  
Vice-Principal

---

**Health Curriculum Delivery**

I am aware the school will present the Health curriculum to my child in accordance with the Manitoba Education Curriculum.

I will provide for my child an alternative delivery of the Manitoba Health Curriculum for the Human Sexuality unit.
