Dear Parents,

All students need to bring a pencil, an eraser, a pencil sharpener, and their sketchbook to every Art class. It is a good idea to also get into the habit of bringing pencil crayons, glue, scissors, and a ruler to classes as well.

The following is a list of supplies that students in grades 7, 8, and 9 need to have for this year:

- HB Pencils
- Eraser (white or art eraser preferred)
- Ruler (30 cm)
- Scissors
- Glue Stick
- Sketchbook (with white paper preferred)
- Set of paint brushes (Taklon white or gold bristles preferred) Paintbrushes should range in size. ****see pictures below****
- Art/sketching pencil set (a variety of pencils from 6H to 6B) ****see picture below****
- Pencil crayon set
- Pencil sharpener
- Black sharpies (thin and regular tip)

Please note: RoseArt Art supplies lack pigmentation. They are frustrating for students to use so please avoid purchasing this brand.

It is a good idea for students to have a hard-covered case to carry their supplies in. The case will protect the pencils and keep the paintbrush bristles from fraying.

Thank you,

Tara Lambert

Pictures and Descriptions Continued Below ↓

Below is a picture of sketchbooks you can purchase at Dollarama:

Sketchbooks can be found at Walmart, Michaels, and other locations with an art or crafts section. If you choose to go to Michaels, check online for their weekly coupon. You can usually save 40-55% off of one regular-priced item.

Below are pictures of some different types of acrylic paintbrushes that can be found at Dollarama:

You can also find paintbrushes meant for acrylic paint at Michaels, Walmart, and other stores that have art or crafts sections. Please avoid getting paintbrushes that have coarse bristles because they cause streaking in the paint.

Below is a picture of art pencils that can be purchased at Dollarama:

You can find art sketching pencils as a variety of other locations with an art section. Please try to get pencils with a few on both the “H” and the “B” sides.

For GRADE 8 students only

One set of watercolour paintbrushes. Below is a picture of a watercolour paintbrush set that can be found at Dollarama:

Please check and make sure that the brushes say “watercolour” on the label. They contain a special type of bristle that absorbs the liquid colour. These can usually be found at stores that have an art section.
